FILE HEADING.

Supply of ganja to the C & M Stations of Bangalore

From

The Excise Comnr in Mysore

No. 9355 Dated 29/5/1915 Received 30/5/1915.

Diary No. 5043	Enclos. –	Spare Copies. –	Serial No. 1

BRIEF ABSTRACT OF LETTER.

States that with reference to the supply of ganja to the C&M stations of Bangalore, the Collector of the place denied him to permit the supdt of Excise to take certain samples of ganja to find out through analysis at the Board's laboratory, Madras, the resinous property for purposes of comparison and that he permitted to take three samples weighing 3 Sers & 14 tolas and requests the decision of the Hon'ble the Resident in the matter.

NOTES AND ORDERS.

2. From the A. Resident in Mysore.

No. 3838 of the 31/5/1915.

Requests to be informed whether the Durbar will be prepared to supply ganja required for consumption

NOTES—First Sheet.

GPB—20,000—8-8-14

in the C. & M. Stations of Bangalore from the year 1916-7, the approximate quantity required being about 1000 seers per annum and hopes that the Dunbar will not find it inconvenient to send to the Collector, C. & M. Station, samples of ganja stored for issue in April of each year for analysis and selection.

1. The Excise Commr. has stated that three samples weighing 3 seers & 14 tolas in all were given to the Supdt. of Excise, C. & M. Station, for analysis at the Board's laboratory, Madras. As a result of this analysis, perhaps, the Residency want to know whether the Dunbar are prepared to supply ganja of about 1000 seers required for consumption in the C. & M. Stns. from 1916-7.

2. In the linked file the results of the local cultivation for the present year are given in detail. It is therein stated that the whole quantity grown was divided into four samples, of which a little over 560 seers were of the 1st sort & 1640 seers of the 2nd sort. From the report it may also

be inferred that the drug of the four classes will be mixed up together with the old stock for issue. The whole will be packed in boxes of seer each and issued to licensees in the State.

3. But the Residency expect that several ~~classes~~ classes of ganja are kept separately for issue for which a selection can be made for each year. It is not possible to say without further information whether the several classes are kept separately in the stores at the Central Distillery.

4. Moreover each box of one seer is sold to the licensees at Re 1-4-0 But if different samples are selected then perhaps different rates will have to be received from the ~~licensees~~ C & M Station authorities

this year is noted for consideration. The total quantity grown was about 302½ maunds and an expenditure of Rs 9931 was incurred therefor. The actual cost price works out to 12 annas 2 pies.

H & N (SR 28-14) (849)

2. The price to be charged may therefore be fixed at a slightly higher rate. If it is considered inexpedient to have a uniform rate every year, it may be fixed at the time of supply each year, the amount being always much less than Re 1-4-0 at which the same is sold to the licensees in both the places.

3. Under the existing arrangement the C & M Station authorities get nothing as profit out of the sale of this drug, as the licensees keep their ganja in the warehouse and take it out on payment of duty. So this proposal may not be inconvenient to them.

4. Submitted for orders with the draft letter to the Resident.

Secretariat
File No 156-14
Ry General-1

No. 9355 *Bangalore, dated* 28th May 1915.

FROM

P. Raghavendra Rao, Esq., B.A., B.L.,
Excise Commissioner in Mysore.

To

D. M. Narasinga Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

Sir,

In inviting kind reference to your letter No. Fl. 1077/S.R.139-13-6 dated 3rd September 1914, stating that the proposals for the supply of locally grown ganja to the Civil and Military Station, Bangalore, could only be considered this year, I have the honor to state that in connection with this question, the Collector, Civil and Military Station of Bangalore, desired me, in his letter No. 1639 dated 16th April 1915, to permit the Excise Superintendent of the Station to take samples of ganja stored in the Government Central Distillery to enable him to ascertain, through analysis, at the Board's laboratory, Madras, the per centage of the resinous matter in the stuff and to see how it compared with the fresh crop of ganja in the two store houses of the Madras Presidency. The Superintendent was accordingly permitted to take three samples of ganja weighing 3 seers and 14 tolas in all, on 23rd April 1915. As the time appears to be oppurtune, I beg that the decision of the Hon'ble the British Resident in Mysore in the matter may be kindly obtained and communicated to me in due course.

2. In this connection, sanction of Government is solicited to book the quantity referred to above as expenditure and to write off its value in the accounts.

I have the honor to be,
Sir,
Your most obedient servant,

P. Raghavendra Rao

Sir,

Adverting to your letter No. Fl. 7593/S.R. 156-14-2, dated 21st June 1914, re the supply of locally grown Ganja to the Civil and Military Station, Bangalore, I have the honor to state that the requisition from the Residency for the supply of about 1000 seers of Ganja, annually, for consumption in the Civil and Military Station, can be complied with as from 1916-17, and that the transmission of a sample thereof to the Collector of the Station for analysis can also be arranged before-hand.

2. Before proceeding further, I shall briefly mention the system which prevails here at present in the matter of the supply and the issue of the drug. Ganja is now grown and prepared locally in the Goribidnur Taluk of the Kolar District under Departmental supervision and delivered by the cultivators at the Government Central Distillery, Bangalore, pressed into cakes. The stock is then classified, for purposes of valuation, by a Committe composed of three Departmental Officers, and remuneration paid to the cultivators as adjudged by the Committee, subject to the approval of the Excise Commissioner. The market rate prevailing in the store-houses of Duggapad, or Santarvur, in the Madras Presidency is taken into consideration in determining the remuneration so paid. The supply to licensees is undertaken by Government, and for this purpose, the cakes of Ganja are issued packed up in card-board clip-collapsible boxes, each holding a seer of eighty (80) tolas, and the required quantity is sent to the Taluk treasuries through

FIRST ASSISTANT TO THE RESIDENT IN MYSORE.

To

The Dewan of Mysore.

Dated Bangalore, 31st May *1915*

SIR,

I am directed to refer to my letter No. 5291, dated the 31st July 1914, and to request that the Resident may be kindly informed, at an early date, whether the Durbar will be prepared to supply ganja required for consumption in the Civil and Military Station of Bangalore from the year 1916 - 1917. The approximate quantity required - - will be about 1,000 seers per annum.

2. The Durbar, it is hoped, will not find it inconvenient to send to the Collector, Civil and Military Station, samples of the ganja stored by them for issue, in April of each year, for analysis and selection.

I have the honour to be,

Sir,

Your most obedient servant,

For First Assistant Resident.

R. O. 2—R. P. B.—1-1915—1,000.

6

through the medium of the Arrack Carrying Contractors, for which no extra remuneration is paid to them. The licensees, or their vendors obtain their supply from the Taluk Cutcherry on payment of duty and price. The rate of duty from 1st July is Rs 12-8-0 and the price Rs 1-4-0 per seer. The price (Rs 1-4-0) includes the actual cost plus packing and other incidental charges. The realization over the actual cost is treated as so much profit.

3. As regards the price to be fixed on the quantity to be issued to the Residency, I am of opinion that it will be convenient and remunerative if the Station authorities will choose to take the supply in bulk, once a year, from the store-house in the month of June. If this is accepted, the price to be charged on the quantity supplied will depend on the cost incurred in the purchase of the drug in the year from the cultivators, the calculation being made in the following manner:-

Total quantity purchased	Remuneration paid and other incidental charges, inclusive of special Ganja establishment,	Quantity supplied to Civil and Military Station	(?) price to be recovered.

As the cost price per seer generally works to much less than Rs 1-4-0, it is very necessary that the price to be charged to the licensees of the Civil and Military Station should be identical with that in force in the State, viz., Rs 1-4-0. Then the rates of duty and price on both sides will be equal and the same.

4. The manner of calculating the price indicated in para 3 supra, is analogus to that adopted in calculating the proportionate cost now being charged to, and recovered from, the Civil and Military Station, in respect of the arrack supplied to it.

5. If the proposal detailed above receives the approval of the Hon'ble the Resident in Mysore, the rate of annas 12, prescribed under Government Order No. Fl. 3505-6/S.R. 140-07-2, dated 19-1-'08

and

and incorporated in para 62 of the Mysore Treasury Manual, will require to be revised for the reason that it was fixed at a time when the cost price of Ganja was Rs 0-9-4 per seer of eighty (80) tolas, as detailed in para 2 of this office letter No. 4564, dated 12th December 1907 cited in the Government Order above referred to.

6. I request that the decision of the Hon'ble the Resident in Mysore in the matter may be kindly obtained and communicated to me at an early date. Pending orders in the matter, I shall inform the Deputy Commissioner, Kolar District, to select ten more acres of land to be thrown open for the cultivation of Ganja for next year's supply.

I have the honor to be,
S i r,
Your most obedient servant,

P Raghavendra Rao

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE,

Bangalore, dated 7th December *1915.*

9

FROM

P. RAGHAVENDRA RAO, ESQ., B.A., B.L.,
Excise Commissioner in Mysore.

To

V. R. Thyagaraja Iyer, Esq., M.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Revenue Departments.
Bangalore.

Sir,

Adverting to your memo No. Fl. 2092/S.R. 156-14, dated the 11th ultimo, forwarding for information and guidance, copy of communication ending with the Hon'ble the British Resident's Official Memorandum No. 7547, dated 15-10-'15 in the matter of supplying Ganja to Civil and Military Station, I have the honor to state that it would be quite practicable to supply to the Collector, Civil and Military Station, the quantity of Ganja required for consumption in that area by sending samples in February and the quantity in March following required for a year's consumption.

I have the honor to be,

Sir,

Your most obedient servant,

D. Sreenivasa Iyengar

Assistant Commissioner,
for Excise Commissioner,
absent from the station.
